Queen Instance

What an instance token does

Queen Instance	
Queen Instance(i)	
Type	Instance
Source	• Buying from the **Boss Point Shop** at home • From Players, **Player Owned Shop(::pos)**
Item ID	11465
Examine	*It will teleport you to a private instance of Queen Dana*

- **Click it** in your inventory or Tool Belt to teleport to your own private copy of that boss's area. The token is not used up. You have to wait 20 seconds between new instances.
- **Drop-rate bonus:** while the token is **in your inventory** and you are in that boss's area (the public area counts too), you get **+20 drop rate (DR)** and **+20 double drop rate (DDR)**. An (i) token gives **+30**. These are points, not percent. A token in your Tool Belt gives no bonus.
- **Golden Dice Totem:** the plain Golden Dice Totem replaces the token's bonus (you get only the Totem's +50). A Golden Dice Totem (i) does not, so its +100 adds to the token's bonus.
- **(i) tokens:** for the 12 bosses, (i) only changes +20 to +30. For the Titans, Joker, Vorago and Icy Vorago, the (i) token also spawns 2 bosses instead of 1. (i) tokens are made with Invention and can't be traded. Normal tokens can be traded.
- **Exception:** Vorago Instance and Vorago Instance (i) give no bonus at the moment. In the Vorago area only the Icy Vorago tokens count.
- **Ironmen** get boss instances for free from the Instance Manager near home.

The **Queen Dana instance** is gained by killing bosses for boss points. It costs a total of 5000 points to purchase. While it is in your inventory and you are in this boss's area, you get +20 drop rate and +20 double drop rate (points, not percent).
