k1) Example: You trade over X amount of Masamune Boxes to a Divine Donator; the Divine Donator opens the boxes and receives a Masamune, the Masamune will remain on the Divine Donator's account as it is untradeable.

l) When buying/selling donation use Staff to prevent issues

l1) Buying/Selling Donations with In-Game Currency/Items is capped at

1$ - 30m

For donations OVER $150 please pm an @Administrator @Server Manager @Co-Owner directly, we offer friends and family payments. The Administrator asking you to do this is NOT trying to Real World Trade with you.
